During the year under report, the T & P Unit was not only able to arrange effective summer training , Project based internship for the students but also was successful in obtaining stipends and other facilities for many of them. As regards placement, the T&P Unit invited Senior Executives of major industries/organizations to give pre-placement talks, hold workshops and participate in panel discussions for the students at the campus which helped them acquire better knowledge about various organizations prior to the commencement of the campus interviews. The process began in July 2016 with invitation to companies to visit the Institute.

The final recruitment began from September 1, 2016, onwards. Companies visited the campus as a result of which students were placed with 131 job offers (some students got multiple jobs). The placement season has seen recruiters from the entire spectrum of the industry like management consulting, engineering and manufacturing. Most of these firms are world leaders in their respective domains. Namely :- Eaton, Bharat Oman Refineries Ltd., Adobe, Lava International, Directi, Oracle, Samsung R&D Bangalore, Cummins, Capgemini, Nokia, HSBC, Future First, Smartprix, Coviam Technologies, Vassar Labs.

Preparing well-rounded students this year a key focus of the placement office was to prepare the students for their placement in the industry. A large number of placement preparatory activities were conducted this year for the students. These included preparatory programmes to enhance communications skills, interview skills and group dynamics. The successful student placement in 2016-2017 clearly demonstrated the demand of PDPM-IIITDMJ graduates among the top recruiters in various segments of the economy. The recruiters appreciated the high-level of knowledge and training of our students. A majority of our past recruiters held their faith in our student's abilities and came to recruit .The year also saw several new organizations visiting PDPM-IIITDMJ for the first time, and we look forward to fostering long-term relationship with all these organizations. The success of the placement endeavor can be attributed to the outstanding quality of our students as well as the tremendous support provided by the institute administration, academic units, faculty and staff, alumni and other well- wishers. The placement office thanks them and looks forward to their continued support.

THE INSTITUTE

Brief Historical Background

Pandit Dwarka Prasad Mishra Indian Institute of Information Technology, Design & Manufacturing (PDPM IIITDM) Jabalpur was established by the Ministry of Human Resource Development on January 24, 2005 under Madhya Pradesh Society Registration Act 1973. The foundation stone of the Institute was laid by Late Shri Arjun Singh, the then Minister of Human Resource Development (MHRD) on February 7, 2005. The first academic session of PDPM IIITDM Jabalpur started from August, 2005. The Institute started operating from the temporary location at the IT Bhawan of the Jabalpur Engineering College. Prof Sanjay G. Dhande, Director, IIT Kanpur was given the additional charge as the Director of the Institute. Simultaneously, the efforts were on to find suitable land where the campus of the new Institute could be developed. On May 3, 2006 a land of 250 acres near Dumna Airport of Jabalpur was identified by the State Government of M.P. and was handed over to the Institute. Construction work of Phase I buildings was started in 2007.

STUDENTS' FESTIVALS AND EVENTS

Student Activities

Apart from concentrating on academic activities, the Institute also places emphasis on an all-round development of its students. The Institute has, therefore, created excellent infrastructure for a variety of co-curricular and extra-curricular activities such as sports, student publications, Robotics as well as cultural and welfare programmes.

There are three areas of Students Gymkhana viz Cultural, Science and Technology and Sports. At present twenty clubs of students gymkhana have been functioning and being administered by Students under the guidance of faculty counsellors of respective area.

Three important annual festivals of the Institute Tarang, Abhikalpan and Gusto organized by the students have become the centre of attraction not only for students of Jabalpur colleges but also from various other institutes from across the country and attracted wide participation and good quality response.

Our students have won several accolades and laurels. To mention a few,

Students Gymkhana

Students' Gymkhana is constituted to evolve a disciplined self-governance for carrying out various extracurricular in-campus activities and to establish a responsible and accountable student body. Students' Gymkhana is governed by Student Senate which is constituted in democratic way through elections among each discipline and batch of the students. Student Senate members are elected through direct ballot voting.

Student gymkhana is headed by Dean (Students), who is nominated by Board of Governor of the Institute for three years. Dean (Students) Chairs all the meetings of the Student Senate and guides student representatives in organizing gymkhana activities throughout the year. Apart from this, three faculty members designated as Sports, Cultural and Technical Counsellors, look after sports, cultural and technical activities respectively and respective major festivals organized by the students' gymkhana.

Throughout the year, following activities/ events were organized by the Students

- (i) Literary club of Students Gymkhana organized an intra-college Literature and Quizzing festival, 'Fiesta-da-Literarti from 2-4th September 2016 at the Institute.
- (ii) A team of six students visited NIT Jalandhar and participated in technical fest of NIT Jalandhar- 'Techniti' from 19-23 October 2016. Team participated in three events viz Robowar, Car Soccer and Suspension Drive.
- (iii) A team of 17 students of Jazbaat club of students Gymkhana visited IIT Roorkee and participated in cultural fest of IIT Roorkee: Thomso'16 from 21st October-23rd October 2016 and got runner up position in Nukkad Natak event. Three students of team were awarded the best performance of the day.

- (iv) A team of 17 students of Programming club of students Gymkhana visited AVB IIIT Gwalior and participated in Annual Techno-Management fest of AVB IIITM Gwalior from 12th November-13th November 2016 and participated in various events.
- (v) On November 13, 2016, a blood donation camp was organized by Students Gymkhana and its office bearers actively participated. Approx. 200 students donate blood for social cause.

TARANG 2016

TARANG '16 the 10th Annual Cultural Festival of Indian Institute of Information Technology, Design and Manufacturing, Jabalpur was held from 21st to 23rd October, 2016. It is one of the most eagerly awaited events in the academic calendar of IIITDM and has evolved to be Central India's largest cultural festival. It is an avenue for the best talent from the top colleges across the country to battle it out in an array of cultural events. The scale of TARANG can be judged by the fact that it invites participation from more than 150 engineering colleges from across the country. The sheer number of more than 7000 footfalls creates a buzz in the campus making it the most happening event during the period.

Since 2007, the Festival has proved to be unarguably the most popular Festival in Central India. Held annually in the month of October, TARANG has always drawn huge participation from students on account of the variety of events that are on offer and the challenges they provide. This year's event promises to bring forth a bigger and better TARANG with many more exciting events and activities online as well as during the fest lined up. Along with the fun elements, it serves the society by picking up a social cause every year (MUSKAN(2015), message to the PM (2014)). It's not just a platform for the youth to show their talent and explore the waves of culture, arts, music, and literature, but for the JAGRATI kids too to step up on the stage and shine like stars.

WORKSHOPS AND CONFERENCES

(i) Creativity and Innovation National Workshop 2016

Creativity and Innovation National Workshop was organized at the Indian Institute of Information Technology Design and Manufacturing, Jabalpur, M.P. on 5th and 6th Nov, 2016 at the IIITDMJ campus. The Chief Guest of the workshop, Prof. Rishiksha T. Krishnan, Director IIM Indore, gave powerful ideas on the need to achieve excellence through his highly popular innovative idea of 'Juggad'. He strongly suggested that much needed improvement in all the endeavors should come from Holistic pattern of education with proper inclusion of

Humanities and Social Sciences. These subjects develop the attitude and aptitude for an experience based learning very necessary for developing knowledge to make experiments and successively launch valuable enterprise. He used the example of Tata 'Ace' and 'Nano' to illustrate this idea. He added that the experience based learning helps us to immerse in the lives of the people and imagine the conditions they live in, augmenting our skills to innovate creatively. Faculty members and Students of IIITDMJ and other educational Institutions in Jabalpur attended the workshop sessions of eminent speakers in throngs and were inspired to hear veterans motivating them to change India and the world, driving them to the workshop theme 'Making a world of your own'.

Among the speakers from the most esteemed Institutes of the country was the Guest of Honor, Prof. Amit Ray, Former Professor, IIT Kanpur. In his inaugural talk, he focused on how invention and innovation are two different things germinating from varied cultural perspectives. Both of them were not possible without Creativity, nurtured by developing consciousness in people. This is where he saw subjects like Fine Arts, Literature, Social Sciences and the likes have a pivotal role to play.

The workshop hosted an Exhibition of students from Higher Education in Jabalpur showing their Creative and Innovative ideas through models and posters. The three best projects were acknowledged as 'Young Creative Innovator' and suitably awarded.

Separate Audit Report of the Comptroller and Auditor General of India on the accounts of Pandit Dwarka Prasad Mishra Indian Institute of Information Technology, Design and Manufacturing, Jabalpur for the year ended 31 March 2017.

We have audited the attached Balance Sheet of the Pandit Dwarka Prasad Mishra Indian Institute of Information Technology, Design and Manufacturing (IIITDM), Jabalpur as on 31 March 2017, the Income & Expenditure Account and the Receipt & Payment Account for the year ended on that date under Section 20 (1) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The Audit has been entrusted for the period up to 2018-19. These financial statements are the responsibility of the IIITDM's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects etc. if any, are reported through Inspection Reports/ CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

(i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

(ii) The Balance Sheet, Income & Expenditure Account and the Receipt & Payment Account dealt with by this report have been drawn up in the format prescribed by Ministry of Human Resources Development, Government of India vide order No 29-4/2012-IFD dated 17 April 2015.

(iii) In our opinion, proper books of accounts and other relevant records have been maintained by the Institute in so far as it appears from our examination of such books.

(iv) We further report that:

A. Balance Sheet

1 Application of funds

1.1 Capital work in progress (Schedule 4)- ₹ 201.65 crore

1.1.1 This includes ₹ 23.47 crore (Narmada Residency-2 & Visitor's Hostel) being the value of works completed and put to use but not capitalized. This resulted in over statement of Capital Works in progress by ₹ 23.47 crore, understatement of Fixed Assets by ₹ 23.00 crore and understatement of expenditure (depreciation) by ₹ 0.47 crore.

1.2 Investment- Others (Schedule 6)- ₹ 33.56 crore

1.2.1 This includes ₹ 33.56 crore being term deposits with banks. As per revised format of accounts issued by MHRD, term deposits with the banks are to be exhibited under 'Current Assets' and not under 'Investment'. This resulted in overstatement of Investments and understatement of Current Assets by ₹ 33.56 crore.

B. General

1 Point 3.6 of Significant Accounting Policies (Schedule-23) disclosed that depreciation is provided for the whole year on addition during the year. However, point 3.3 of Contingent Liabilities and Notes on Accounts (Schedule-24) discloses that depreciation is charged for full year on assets purchased before September and on assets purchased after September, the deprecation is charged on half yearly basis. Thus the above disclosures made by the Institute are mutually contradictory.

2 The total of Income in Income & Expenditure Account is ₹ 34,98,27,881/- instead of ₹ 34,98,27,880/- which needs correction.

Effect of audit comments

The net effect of the above comments is that the Assets were overstated by ₹ 47 lakh and Expenditure were understated by ₹ 47 lakh.

C. Grant-in-Aid

During the year, the Institute received grants in aid of ₹ 22.00 crore. In addition to the above, it had unspent balance of ₹ 2.00 crore and internal receipts (assets overvaluation) of ₹ 0.04 crore of the previous year. Thus, out of the available grants of ₹ 24.04 crore, the institute could utilize an amount of ₹ 20.83 crore leaving a balance of ₹ 3.21 crore as unutilized grant as on 31st March 2017.

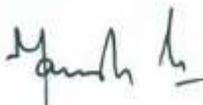

(v) Subject to our observations in the preceding paragraphs we report that the Balance Sheet, Income & Expenditure Account and the Receipt & Payment Account dealt with by this report are in agreement with the books of accounts.

(vi) In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts and subject to the significant matters stated above and other matters mentioned in Annexure to this audit report give a true and fair view in conformity with accounting principles generally accepted in India:

- (a) In so far as it relates to the Balance Sheet of the state of affairs of the IITDM, Jabalpur as on 31 March 2017; and
- (b) In so far as it relates to Income & Expenditure Account of the deficit for the year ended on that date.
