Sub: Permission to drop course on "ME598: Seminar" for six students of M.Tech. (ME)

Respected Madam,

Grades of six students of M.Tech. (ME) could not be submitted by the instructor incharge due to administrative lapse on the side of instructor incharge as well as academic section. As per discussions held in senate meeting held on June 18, 2012, academic section cannot award "F" grades to these students although these students were equally responsible for non-presentation of the Seminar.

In view of the above, it is proposed to drop the course "ME598: Seminar" as a special case. These students fulfill minimum academic requirement of 16 credits for the semester through other courses registered by them.

Thanking You.

Subject: Requesting to drop ME 598 Seminar I from the registered list of courses for MTech  
Second Semester.

Respected Madam,

It is to inform you that we six students (Mechanical Engineering Department) had registered "ME598 Seminar I" of 2 credits for second semester as we were told that it is compulsory for all second semester students of M. Tech. 2011 batch. But just last week we came to know that only we six had registered for it.

During the entire last semester, neither our colleagues (from CS and EC branch, as well as other ME students of our batch) appeared for Seminar nor had our senior batch presented any such seminar when they were in second semester. So we forgot to clarify the matter with Academics Section due to anxiety of exam. We totally were unaware about the procedure that it is our responsibility to ask for seminar. It was due to the reason that it is general practice to ask or discuss such issues with seniors and colleagues and in this case they both had no information or previous experience. Unfortunately, grade sheets were not provided to our supervisors also and hence, it seems that they were also not aware.

We are sorry for our negligence and request you to allow us to drop ME598 Seminar I from our registered courses of this semester and look into the matter with a kind perception. We all had scored good grades in Semester I our masters program and hoping for better in this semester too. We have not done this mistake knowingly. Kindly consider our request and do us a favour. We will be grateful to you.

Thanking you,

Yours Sincerely  
M. Tech. Second semester

A meeting of PGCS was called on June 14, 2012. Following members were present -

1. Vijay Kumar Gupta
2. P.N. Kondekar
3. M. Shrivastava
4. Nitesh Niranjani

The committee discussed the matter and feels that

1. There was negligence on the part of students and same is admitted in ~~their~~ their letter.

2. There ~~was~~ is a procedural lacuna in not sending the grade sheet to the guides for this course ME 598.

3. ~~There should be a mechanism to make aware the concern guides about this load.~~

~~Since, guides have not submitted any grade till date, it is not possible to conduct the evaluation.~~ Since, seminar <sup>did</sup> not conducted in time ~~proposals~~ and grade could not be submitted

hence PGCS recommends to place the matter in senate. There are two options - 1. Automatically drop the course. 2. Students may be given 'F' grade in this course. (V.K. Gupta)

Respected Madam,

Mr. Hem Chand Meena (Roll No. 2009038) is placed on termination due to poor performance. In view of the discussion held in Senate meeting (June 18, 2012), all UG terminated students will now be placed on 'Academic Break' for one year. In view of the above, PBI for the student needs to be dropped.

Kindly give permission to drop PBI of Mr. Hem Chand Meena.

## **Professional Elective II: ME 416 Vibrations of Mechanical Systems [ 3-1-0-4]**

### **Prerequisite: #**

**Introduction:** Types of vibrations. Single degree of freedom systems and Simple problems. Formulation- Newton's second law, Energy method and Principle of virtual work.

**Undamped free vibrations –.** Introduction, undamped free vibration – natural frequency of free vibration, stiffness of spring elements, effect of mass of spring.

**Damped free vibrations:** Single degree freedom systems, different types of damping, concept of critical damping and its importance, study of response of viscous damped systems for cases of under damping, critical and over damping, Logarithmic decrement.

**Forced Vibration:** Single degree freedom systems, steady state solution with viscous damping due to harmonic force, solution by complex algebra. Concept of response, Reciprocating and rotating unbalance, vibration isolation – transmissibility ratio. Energy dissipated by damping, sharpness of resonance, base excitation.

**Systems with two degrees of freedom:** Introduction, principal modes and normal modes of vibration, co-ordinate coupling, generalized and principal co-ordinates, free vibration in terms of initial conditions. Geared systems. Forced Oscillations – Harmonic excitation. Applications: (a) Vehicle suspension (b) Dynamic vibration absorber (c) Dynamics of Reciprocating Engines.

**Multi Degrees of freedom systems:** Introduction, Influence co-efficient, Maxwell reciprocal theorem, Automobile vehicle suspension, coupling, Vibration absorbers, Orthogonality of principal modes, Various numerical methods for solution of multi degree of freedom systems, Holzer's method, Rayleigh's method.

**Vibration monitoring and analysis:** Introduction, Accelerometer and vibrometers. Machinery signatures, Selection of Transducers and signal conditioning. Analysis Techniques, Machine failure modes, Measurement location, Vibration severity criteria, vibration frequency analysis. Case studies.

Dear Madam,

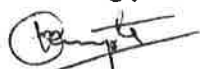

Due to error at the end of academic office, the grade sheet of CS 412: Professional Lab III could not be sent to the concern instructor incharge, grades of said course in respect of Mr. Sanjeev Kumar (Roll No. 2007047) could not be incorporated in the result of end sem. (Sem I, 2011-12).

Mr. Manish Shrivastava, Instructor incharge of the course was requested to submit the grades of CS 412 and same has been received.

Now, the revised result for End Sem. (Sem I, 2011-12 and Sem II, 2011-12) result of Mr. Sanjeev Kumar (Roll No. 2007047) have been prepared, the same is enclosed herewith.

It is requested to kindly approve the same.

Respected

Sir,

With due respect this is to inform  
you that I Shubhi Sharma, student of this  
institute was suffering from the last 1 month  
due to which I have not attended the classes  
of Mobile Web and Android Development course.

Almost half of the course has been completed  
during that period, so I want to drop this  
course for this semester.

Kindly permit me for dropping the course.

Thanking You

Sub: Post Facto Approval for change of course names and numbers.

Respected Madam,

With reference to above mentioned subject, it is to state that UG Curriculum has been revised by the Under Graduate Committee of Senate (UGCS) in its meeting held on May 16, 2012, copy of minutes is attached. The course curriculum was revised with numbering of courses (2010 batch onwards). In this connection, it is to state that at time of registration of 2010 batch the course numbers were different, comparative chart showing the old and modified course number is given below:-

Old course No.	Modified course No.	Course Name
ES-201	ES-205a	Applied Probability & Statistics
ES-202	ES-205b	Numerical Methods for engineers
ES-203	ES-205c	Data Communication
Course no. not allotted	ES-205d*	Network Analysis and Synthesis
ME-201	ME-201L	Professional (ME) Lab I (3P)
EC-201	EC-201L	Professional (EC) Lab I (3P)
CS-201	CS-201L	Professional (CSE) Lab I (3P)

\*New course introduced

You are requested to kindly accord post facto approval to modify the course numbers in place of old in the grade sheets of 2010 batch. This special request is made to streamline the curriculum structure for batch 2010 onwards.

**Sub:** Dropping of the EMF "EM601d Parallel Processing" proposed in 2012-13 Semester I.

Dear Prof. Gupta,

The EMF "EM601d Parallel Processing" was proposed to be offered during 2012-13 Semester I by Dr. L. Balyan. Students registered for the course also. But Dr. Balyan send the course contents with the name "Parallel Computing with MPI". I discussed the issue with Dr. Balyan. At this moment he is not in a position to offer the EMF "Parallel Processing".

The option is to run the course with some other faculty. Before writing to you I tried to arrange the course but it is not possible at this short moment. In the next semester prof. Miura from Japan is offering this EMF "EM601d Parallel Processing". Therefore I propose to drop this EMF in this semester. As this is a one credit course, interested students can do the course in next semester. CSE discipline will offer another EMF to compensate this.

Kindly drop the EMF "EM601d Parallel Processing" offered in the current semester.

Thanking you

Sincerely yours

**Institutes Senate Member Mr. S. M. Amane** has been awarded with a 'Manufacturing Leadership 100' award by Thomas Publishing House USA. The nomination was submitted by a professional associate under the category of 'Next Generation Leadership and Culture' and 7 people were selected globally under this individual category. Mr. Amane is in one of them.

### **Faculty :**

Two faculty members Dr. Asutosh Shrivastava (ECE) and Dr. Rajesh Pandey (Mathematics) have awarded Indo-US Research fellowships for a period of 12 months. They have been granted 10 months leave from the Institute and have proceeded to Yale University and Southern Illinois University Carbondale, USA to carry out joint research with their American counterparts.

Dr. Amarnath was also awarded a postdoctoral fellowship to work at Inha University, South Korea for an year. He has proceeded for the fellowship. Dr. NR Jena has been awarded recently, INSA Indo-Australian postdoctoral research award and will proceed to Australia at University of Queensland, in the month of May, 2013 for ten months.

### **Two research projects have been sanctioned after the last Senate meeting.**

- (1) Prof. Puneet Tandon and Dr. Prashant Jain - *"Process development for the fabrication of free form components through incremental sheet forming"* total budgetary amount of Rs. 72,45,000/-. The project has been funded by BRNS.
- (2) Dr. Rajesh Kumar Pandey: *"Wavelets and operational matrix based techniques for integral and differential equations"* total budgetary amount of Rs. 10,20,000/-. The project has been funded by SERB, DST.

**Faculty members have organized following conferences or workshops in the recent past. This include**

- 1) Workshop on Wavelets and its applications (WoW 2012) during July 13-15, 2012 organized by Dr. Pritee Khanna from computer science Dr. Rajesh Pandey from Mathematics and Dr. Pavan Kankar from mechanical engineering
- 2) Another important Research promotion workshop on Introduction to Graph and Geometric Algorithms during November 01-03, 2012 was hosted at the Institute and was jointly organized by Prof. Ghosh of TIFR Bombay and Dr. Pritee Khanna and Dr. Sraban Mohanty of the Institute. This workshop was fully sponsored by National Board for Higher Mathematics, Department of Atomic Energy, Govt. of India.
- 3) Design Workshop (DeW 202) from December 05-07, 2012 is the second in the series which we have planned to hold every alternate year. This is being organized by Prof. Vijay Gupta and Dr. Prashant Kumar Jain. The last workshop was held in October 2010.
- 4) The first international conference on Innovations in Design & Manufacturing (InnDeM 2012) from December 05-07, 2012 is being organized by Professor Puneet Tandon, Prof. Vijay Kumar Gupta, Dr. Pavan Kankar and other colleagues.

Under a mission of Government of Madhya Pradesh to train its officers on Computer and internet usage, digital signature etc. the Institute has imparted training to officers of Jabalpur division. Five sessions have been successfully organized and the response was overwhelming. Here I would also like to mention another important study that the Institute has made on the impact assessment of right to service act of Govt. of Madhya Pradesh. Govt of Madhya Pradesh has also been honored with UNSCO award for implementing right to service act.

Faculty recruitment process for the disciplines – Mechanical Engineering, Electronics and Communication Engineering, Computer Science and Engineering, Mathematics, Physics and English have been completed. Sujoy Mukherji, PhD from IISc Bangalore on smart structures, Brajesh Pandey, PhD from IIT Bombay on VLSI Design, Vinay Kumar Singh, PhD from IIT Kanpur on Microelectronics Design and Fabrication have joined the Institute. No one was found suitable in Mathematics and Computer Science and Engineering. Recommendations of the selection committee for Physics and English are being placed in this meeting for the approval of the Board. One candidate has been recommended by each of the selection committee.
