

Organizing Committee

Chief Patrons

Prof. Bhartendu Kumar Singh
(Director, PDPM IIITDM Jabalpur)

Advisory Committee

Prof. Pritee Khanna
(Dean RSPC & Professor, Dept. of CSE)

Dr. Matadeen Bansal
(HoD & Asst. Prof., Dept. of ECE)

Prof. P. N. Kondekar
(Professor, Dept. of ECE)

Prof. Prabin Kumar Padhy
(Professor, Dept. of ECE)

Convenor

Dr. Dip Prakash Samajdar
Assistant Professor, Dept. of ECE

Co-Convenor

Dr. Neeraj K. Jaiswal
Assistant Professor, NS-Physics

Dr. Koushik Dutta
Assistant Professor (ECE)

Student Coordinators

Neelesh Jain, Sadhna Singh, Srishti, Gagan Kumar, Babban Kumar Ravidas, Rituraj Jain, Arya Narayana, Omkar Rajendra Lunge, Divyansh Tiwari

Or drop an email at:

ieeentc@iiitdmj.ac.in, osasc@iiitdmj.ac.in

Speakers

Prof. Mukesh Kumar
IIT Indore

Dr. Dhiman Mallick
IIT Delhi

Dr. Basudev Pradhan
Central University of
Jharkhand

Prof. Jawar Singh
IIT Patna

Prof. Satyabrata Jit
IIT (BHU), Varanasi

Prof. Bhartendu Singh
PDPM IIITDM Jabalpur

Dr. Jaya Madan
Chitkara University

Dr. Chithraja Rajan
RCOEM Nagpur

Dr. Indranil Mal
IIT Delhi

Dr. Rahul Pandey
Chitkara University

Three Days National Workshop on Recent Advancements in Semiconductor Devices (NWRASD)-2024

July 1-3, 2024

Organized By

**Department of Electronics
and Communication
Engineering**

**PDPM Indian Institute of
Information Technology, Design
and Manufacturing, Jabalpur**

Supported By

OPTICA
Formerly OSA

**IEEE Nanotechnology Council Chapter,
OPTICA Student Chapter,
PDPM IIITDM Jabalpur**

About PDPM IIITDM Jabalpur

PDPM IIITDM Jabalpur was established in 2005 with a focus on education and research in IT-enabled Design and Manufacturing. Since its inception, PDPM IIITDM Jabalpur has been playing a vital role in producing quality human resources for contribution in India's mission of inclusive and sustainable growth. The Institute offers undergraduate, postgraduate and PhD programmes in Computer Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering, Design and PhD programmes in Mathematics, Physics and Literature. Under IIIT Act, the Institute has been declared an Institute of National Importance in January 2015.

About ECE Department

The discipline of Electronics and Communication Engineering (ECE) has a perfect combination of teaching and research activities in the field of Electronics and Communication. Since its inception, the main objective of the discipline has been to impart quality education, hands-on training and research in the frontier areas of Electronics and Communication Engineering with a broad focus on IT-enabled design and manufacturing. Interdisciplinary research between the research groups of the discipline and with other disciplines and institutes is also in practice. The broad areas of research and academic activities in the discipline are Microwave and Communication Engineering, Signal and Image Processing, Micro & Nano Electronics and Power and Control. The Department has a current faculty strength of 18.

About Workshop

The primary aim of this Workshop on Recent Advancements in Semiconductor Devices (**NWRASD**) is to facilitate the enhancement of technical education standards across the nation while aiding technical institutions in promoting research, innovation, and entrepreneurship in emerging scientific fields. Specifically, the NWRASD seeks to provide comprehensive insights into semiconductor devices and to disseminate knowledge about the latest advancements within the research community. The workshop will help the participants to identify the problems and find solutions for the fundamental aspects to minimize the research gap existing in this domain.

Call for Abstract

Authors are invited to submit abstracts for poster presentation to be presented at **NWRASD-2024**.

For more information, please visit the website given below. (Click Here)

Topics to be Covered

- Nanoscience and Nanotechnology
- Modelling of Semiconductor devices
- Simulation and Modeling of Microelectronic Devices
- DFT Computation
- FET-based Biosensors and Machine Learning
- Photonics and Nanofabrication
- New-generation Solar Cells
- Fabrication of Solar Cells
- MEMS/NEMS Devices
- Tandem solar cell & Related Topics

&

Tutorial Sessions on Various Simulation Tools

Registration Details

Who can participate?

This workshop is beneficial for faculty, scientists, industrial persons, doctoral fellows, post-doctoral fellows, post-graduate, and undergraduate students etc.

Registration fee (Non-Refundable)

Type	IEEE or OPTICA Member	Non-IEEE or OPTICA Member
All Student	Rs. 1500/-	Rs. 1800/-
Faculty	Rs. 2200/-	Rs. 2500/-
Industry	Rs. 2800/-	Rs. 3000/-

Important Dates:

Last Date of Registration: 25 June 2024

Information of Selection: 25 June 2024

Workshop: 1-3 July 2024

Registration Form

Participants are requested to register and make payment compulsorily at the following link.
