			period as a part of their technical bid for getting qualified technically.
06	Queries received through e-mail from M/s. Decor India, New Delhi	<ol style="list-style-type: none"> 1) That the tender requires for furniture class registered contractor but as new enlistment rules of CPWD, there does not exist any registration of furniture class. Therefore, we request you to either consider relevant work experience or composite category registration of CPWD for the same. 2) That the tender requires MoU with all the manufacturers from the contractor but no manufacturer will provide MoU without placing any order. Moreover, the manufacturer will try to only support their favorite agency. It is generally observed in other tenders that after opening of tender, L1 bidder has to submit MoU with the manufacture. Therefore we request you to modify this condition so that there exist a fair and healthy competition. 	<ol style="list-style-type: none"> 1) The OEM / Authorised dealer of OEM are already allowed to participate in the bid. 2) Authorised dealers of OEM are already allowed to participate in the bid.
