

About Electronics & ICT Academy at PDPM IIITDM Jabalpur

The Ministry of Electronics and Information Technology, Government of India has instituted seven Electronics and ICT Academies with one academy at PDPM IIITDM Jabalpur. The primary objective of the Academy is to prepare manpower for two important missions - 'Digital India' and 'Make in India'. The Academy aims at scalable training programmes in niche areas of Electronics and ICT for the development of required knowledge base, skills and tools to unleash the talent of Indian population. In addition to the faculty development programmes on fundamental and advanced topics, the Academy conducts customized training programmes for corporate sector and research promotion workshops in emerging areas. The Academy is envisioned to become a central hub of activities on training, research, consultancy work and entrepreneurship programmes.

About PDPM IIITDM Jabalpur

PDPM IIITDM Jabalpur was established in 2005 with a focus on education and research in IT enabled Design and Manufacturing. Since its inception, PDPM IIITDM Jabalpur has been playing a vital role in producing quality human resources for contribution in India's mission of inclusive and sustainable growth. The Institute offers undergraduate, post graduate and PhD programmes in Computer Science and Engineering, Electronics and Communication Engineering, Mechanical Engineering, Design and PhD programmes in Mathematics, Physics and Literature. Under IIIT act, the Institute has been declared as an Institute of National Importance in January 2015. The Institute campus is being developed on 250 acres of land close to Dumna Airport, Jabalpur. The Institute is 10 kms from the main railway station and 5.5 kms from Dumna Airport, Jabalpur.

Faculty Development Programme

Nature inspired algorithm for optimization

Who can attend: Programme is open to faculty from all colleges and universities, preferably from Madhya Pradesh, Chhattisgarh, and Maharashtra state. Faculty members from other states are also eligible. Industry personnel working in the allied discipline may also apply.
Limited seats are available for research scholars.

How to apply:

Online: The participants may log on to the website ict.iiitdmj.ac.in and fill up the application form selecting the name of the course.

You may also send scanned copy of your completed application form to academyiiitdmj@gmail.com. Application format may be downloaded from the website (Also given in this brochure). Print out of the filled in application form duly endorsed by the forwarding authority and a demand draft of applicable amount (as given below) in favour of 'Electronics and ICT Academy, IIITDMJ' payable at Jabalpur may be sent to the address given below. No Travelling Allowance will be paid by the Academy.

Important Dates:

Last Date of Online Registration: April 20, 2019

Course Dates: May 06-10, 2019

Registration Fee :

Academic: Rs. 2000/- (Gen/OBC), Rs. 1000/- (SC/ST)

Industry: Rs. 5000/-

(Includes lunch + tea)

Accommodation charges (if needed):

Rs. 1500/-: Hostel single accommodation and meals at Mess
Institute Visitors Hostel may be provided on request based on availability at actual cost

Payment:

DEMAND DRAFT: in favor of "IIITDMJ-E&ICT ACADEMY" payable at Jabalpur.

CASH/NET BANKING/NEFT: Account No. 50302042708
(Allahabad Bank, Mehgawan, IIITDM Branch, IFSC Code: ALLA0212433).

Online Registration:

Faculty Development Programme Nature Inspired Algorithm for Optimization

May 06-10, 2019

Course Objectives:

Nature inspired algorithm for optimization is an emerging technology recently used in many industries design and Automation. This course is aim to introduce concepts related to evolutionary and nature inspired optimization methods to the participants. Focus will be towards providing hands on training through optimization tool box of MATLAB. Case studies will be presented for the benefit of participants. The course will assist participants to enhance and develop these techniques along with hands-on experience on MATLAB & Simulink environment. By the end of the course the attendants will be able to apply these techniques on different inter-disciplinary applications to boost their research and teaching skills.

Course contents:

Module 1: Introduction to MATLAB and Simulink:

MATLAB Environment, Data variable and Programming. Simulink Design.

Module 2: Evolutionary Algorithm:

Introduction, Genetic Algorithm, Application, Multi-objective and constrained optimization

Module 3: Nature Inspired Optimization

Particle Swarm Optimization, Cukoo Optimization, Ant Colony Optimization, Applications.

Module 4: Research Problems

Research direction in different applications

Resource Persons

1. Prof. Aparajita Ojha
Professor, PDPDM IIITDM Jabalpur
2. Prof. Vijay Kumar Gupta
Professor, PDPDM IIITDM Jabalpur
3. Dr. Prabin Kumar Padhy
Associate Professor, PDPDM IIITDM Jabalpur
4. Dr. Anil Kumar
Assistant Professor, PDPDM IIITDM Jabalpur
5. Dr. Deepmala
Assistant Professor, PDPDM IIITDM Jabalpur

Course Coordinator

1. Prof. Vijay Kumar Gupta
Professor, PDPDM IIITDM Jabalpur

Application Form

Name of the Course / Programme: **Nature inspired algorithm for optimization**

Name of the Applicant (first, last):

.....

Gender : M / F / O Category: GEN/SC/ST/OBC

Designation:

Name and Address of the Organization/Institute/College:

.....

.....

City/town:..... Email:

Alternate email (if any):

Phone Number:

Mobile Number:

Do you need accommodation? (Yes/No):

Note: Accommodation and meal facility will be available only from the evening of May 05 to the morning of May 11, 2019.

DD Number: Date:

Issuing Bank: payable at:

Signature of the Applicant

I hereby agree to relieve Mr./ Ms./ Dr.....
..... in case she/he is selected
to attend the programme.

Signature and Seal of the Forwarding Authority

Name

Designation
