Workshop on AI and Deep Learning

**E & ICT
Academy**

What you are going to learn:

- ★ Introduction to AI and Recent Trends
- ★ Artificial Neural Networks
- ★ Deep Learning and Applications
- ★ Convolutional Neural Networks
- ★ Applications to object detection, classification, face detection
- ★ New Trends in Deep Learning

Hands On:

- ★ AI application development using Python, Tensorflow and Keras

After the Workshop:

- ★ You will be able to apply recent AI and Deep learning technologies to solve many real world research and industry problems.

Get involved in our opening workshop:
September 17-21, 2019

More information at:

<http://ict.iiitdmj.ac.in/>

Who can apply: Open to all with elementary coding experience in any language and having engineering/science background.

Workshop Coordinator:

Prof. Aparajita Ojha
Chief Investigator
E & ICT Academy, IIITDM Jabalpur

Limited Seats

Fees:

₹ 5000 (GEN/OBC)

₹ 3500 (SC/ST)
