Abstract

This document contains the formatting information for the papers presented at the “4th International and 20th National Conference on Machines and Mechanisms (iNaCoMM2021).” The conference would be held at the Indian Indian Institute of Information Technology, Design and Manufacturing, Jabalpur during December 01 - December 11, 2021. The title of the abstract should be in bold Times New Roman font with size equal to 10 pt. Text of the abstract should be in Time New Roman with size equal to 10 pt. It is recommended that the abstract be preferably in a single paragraph. If, for a valid reason, it should be in two paragraphs, please indent the first line of the second paragraph by 0.635 cm (0.25in) from the left margin. The abstract should contain the summary of the findings reported. It should also highlight the methods used in the paper. Background information should be minimised or completely avoided in the abstract. The abstract to be limited to maximum 500 words.

Keywords: Margins, Tables, Figures, and Equations (to be formatted in 10pt Times New Roman font)

¹ Insert here the email id of the corresponding author in times new roman font, size 10 pt.
