Interested candidates are invited for “Walk-in Interview” for a position of Junior Research Fellow (JRF) to work on an interdisciplinary research project titled *“An Efficient Use of Discarded Heterogeneous Electronic Waste for Development of Cost Effective Microwave Absorber”* funded by SERB, Govt. of India, under the supervision of Dr. Ravi Panwar, Principal Investigator, IIIT Jabalpur. The selected candidate will also be encouraged to register for Ph.D. program as per the existing Institute rules.

**Number of Available Post:** JRF - 01

**Project Duration:** The position is purely temporary and renewable each year subject to satisfactory performance, till the completion of the project whichever is earlier.

**Stipend:** Rs. 25,000 per month + HRA (To be revised after an approval as per the SERB norms).

**Essential Qualifications:** ME/M.Tech Degree in Electronics & Communication Engineering/ RF & Microwave Engineering/Nanotechnology/Material Science or any other subject related to the project. Candidates having good academic & research background and a valid GATE score will be given preference.

**Desirables:** Candidates having a good knowledge of CST, HFSS, analytical electromagnetic techniques, microwave measurement techniques, electrical & electronics materials, and material characterization techniques, etc. will be preferred.

**Age Limit:** Preferably 30 years as on the date of Interview.

Please note that no travelling or any other allowances are admissible for attending the interview. Candidates are required to bring all documents and experience certificates in original (along with a set of Xerox) for the verification. Candidates will not be considered in absentia.

**Date & time of Walk-in Interview:** January 22, 2020, 11 AM onwards  
**Venue:** CR-101, Lecture Hall and Tutorial Complex (LHTC), IIIT Jabalpur

**Dr. Ravi Panwar (Principal Investigator)**

*Ph.D (IIT Roorkee), Postdoctorate (KAIST, South Korea)*
