

National Conference on Recent Trends in Physical Sciences **NCRTPS-2024**

**National
Science Day**

28 February 2024

About the conference :

On 28 February 1928, Prof. Sir Chandrasekhar Venkata Raman discovered the Raman Effect for which he was conferred the Nobel Prize in Physics in the year 1930. To spread the broader message on the usefulness of science in day-to-day activities, India has been celebrating **NATIONAL SCIENCE DAY** on Feb 28 since 1987. This conference is aimed to celebrate National Science Day by nurturing, motivating, and updating young minds on recent trends in physical sciences.
